Consultant: TBD

Project Description:

Annual funding for refurbishment of existing ground storage water tanks at a site to be determined and prioritized by scheduled evaluation and assessment. Work includes structural repairs and modifications as needed, blasting and proper removal of old coatings and repainting.

Justification: Scheduled maintenance for water storage tanks is following the Department's Tank Rehabilitation Plan. The interior and exterior coatings will be failing and replacement will be recommended to extend the life of the tanks.

Updates:

October 2009 – No updates

November 2009 - On hold until ground storage tanks are identified.

December 2009 - On hold until ground storage tanks are identified that are in need of rehab.

January 2010 – No update, on hold until ground storage tanks are identified that are in need of rehab.
